

BlindScanner Pro 4.6 Key will bring you new opportunities to use your phone as a powerful tool for enhancing your productivity and boosting your success! BlindScanner is the most sophisticated, up-to-date software for scanning barcodes of all types on any surface. This new version features an easy to use interface specifically tailored for Android phones, so the new BlindScanner Pro 4.6 key is compatible with any device running on Android 2.2 or higher (API 8). This application will allow you to scan barcodes on products through your camera. You will also be able to import your contact list into your phone, export your bookmarks to your phone, backup all of the contacts in your address book, and transfer all of the contacts in your iPhone to Android using the BlindScanner Pro 4.6 key tool. BlindScanner Pro 4.6 is designed for ease of use, with an intuitive interface that works on any Android phone or tablet. Just point the camera at a barcode and BlindScanner Pro 4.6 will automatically read the barcode in just a few seconds. The BlindScanner Pro 4.6 key tool also supports nearly 75 different barcode types for accurate and fast data retrieval. You can also quickly search and get information about names, numbers or other contact information stored in your contacts list to locate exact matches with the integrated text recognition. This application includes an Address book import function that allows you to import all of your contacts from your iPhone to make them available on the BlindScanner Pro 4.6 key tool, and a backup function that allows you to backup all of the contacts in your address book for easy transfer across devices, either via Bluetooth or Wi-Fi transfer.

Version: 4.6 File Size: 10.6 MB Required: Android 2.2+
